Recommendations:

Competitors and spectators should bring everything they may need during the competition. Water, biscuits, a hat, sunglasses, sunscreen, and insect repellent may be required at the field. We recommend that all participants carry a working mobile phone.

Field Rules:

- The settling/setup area will be determined depending on wind conditions.
- No motor vehicles are allowed in the flight area. All motor vehicles must remain in the parking area.
- No motor vehicles may be used for model retrieval. *(This is grounds for disqualification.)*
- Maximum care must be taken to keep the meadow area clean and to protect the neighboring agricultural fields without causing any damage.
- All waste must be placed in trash bags.
- Without permission from the organizer, no flying vehicles other than the models included in the competition classes may be used at the field.
